FOR YOUR INFORMATION

by Mayor Julia Mosley

**COMMUNITY FARMERS MARKET AND
MAYOR AND COUNCIL OPEN HOUSE
SATURDAY SEPTEMBER 26th**

PLEASE JOIN US!! THE COUNCIL AND I WILL BE HOSTING AN OPEN HOUSE AT THE COMMUNITY FARMERS MARKET ON SATURDAY SEPTEMBER 26th FROM 8AM UNTIL 1PM. CHEVERLY AVENUE WILL BE CLOSED FOR PART OF THE DAY AROUND LEGION PARK FOR A COMMUNITY CELEBRATION.

The Mayor and Council and Police Chief have joined with the Community Market in sponsoring the Farmers Market and Open House on Cheverly Avenue. This is an effort on the part of the Council to gain visibility for the wonderful farmers market that has been in Cheverly for two years. In addition to all the terrific farmers and vendors who support the market, Council will have a table as will the Police Department. We will be extending invitations to Town organizations and Cheverly's schools as well, so stay tuned for the details. If you haven't been to one of the markets normally held at the Community Center, you will not be able to miss us on Cheverly Avenue!! Walk, bike or drive and support your community. The Council and I will be manning an "open house" table from 8-1 PM, so drop by and say hello.

There will be plenty of bargains, good food and fresh baked goods for sale. See you Saturday, October 3rd, rain or shine, event is indoors!

CONGRATULATIONS TO TOWN ADMINISTRATOR DAVID WARRINGTON AND DIRECTOR OF PUBLIC WORKS JUAN TORRES

Residents may have noticed the Town sign on Cheverly Ave declaring August 2009 as Juan Torres Month in Cheverly and congratulating him on his 20th Anniversary of service to the Town. This month the sign will be announcing September as David Warrington Month, celebrating his 20 years of service to the Town. At the July Town meeting, Council had a surprise celebration for these two dedicated and talented men who have served our community with such distinction. More (and pictures) in next month's newsletter. Please stop by Public Works and the Town Office to congratulate them or just introduce yourself.

MANDATORY RECYCLING

The Council tries to meet with The Director of Public Works and the Chief of Police at least once a year and at the July Worksession, we met with DOPW Juan Torres. A number of issues were discussed including street, sidewalk and gutter repairs, the state of the Town's tree canopy, upcoming repairs to the 64th Avenue Bridge in Ward 4 and repaving of 64th Ave in Wards 3, 4 and 6, the status of the Town's fleet of trucks, plows and trash trucks as well as trash pick-up, including the possibility of mandatory recycling. For many years, staff has recommended that Council institute a mandatory recycling program as a way to save the Town tens of thousands of dollars each year and improve the environment. This has always been considered by Council but ultimately rejected in favor of increased education of residents on the benefits of recycling.

I believe that at this time the Council is certainly leaning toward adopting a mandatory recycling program. Both Mr. Torres and the Town Administrator have made an irrefutable case that if there was 100% compliance, Cheverly would save, conservatively, \$30,000 to \$40,000 each year and significantly reduce the amount of trash taken to the landfill. Despite many years of newsletter articles, flyers and public education on the benefits of recycling, there still is a minority of residents who refuse to recycle. Those residents who do recycle are subsidizing those residents who don't by virtue of the Town spending tax dollars in higher dumping fees. With single stream collection and pick-up, recycling has become much simpler than in the past and as always, elderly residents can contact Public Works for help and assistance with all trash pick-up. Currently, there is no ordinance that enables the Town to fine a resident who puts out hundreds of pounds of recyclable trash in their regular trash. When this occurs, and it often does, our Public Works staff tries to compensate by leaving the trash and returning to pick-up the recyclables later in the day—extra staff time, extra trips in Town trucks and wasted tax dollars.

Should Council chose to adopt a mandatory policy, there would be a long period of education and Mr. Torres would concentrate on flagrant violators—no trash police looking for a stray aluminum can or glass bottle.

Please read Mr. Torres' article elsewhere in this newsletter. Council does want to hear from residents and this will be discussed for many months enabling residents to be heard and have input on whether such a policy should be approved and if so, what that program would entail.

SPEED CAMERAS IN TOWN

Council held a public hearing at the August Town meeting and introduced Ordinance 0-3-09 authorizing speed cameras in Cheverly. As is our policy, any ordinance or significant change in Town policy goes through three televised Town meetings before being voted on and this legislation would be scheduled to be adopted at the October Town meeting. Speed cameras have been discussed at many meetings and several months ago Council authorized the Town Administrator, Town Attorney and Chief of Police to research the new law and interview potential contractors. Many of us attended seminars at the MML Annual Convention in June and staff talked to all contractors who would be bidding.

Council has always maintained that we looked at this only as a means to reduce speeding—not as a revenue source. I mentioned at a number of meetings that because of the specifics of the new law, the Town would most likely not see a revenue increase but that the program might cost the Town money. After receiving proposed contracts for 2 mobile cameras, staff is concerned that this program could cost the Town as much as \$5,000 or more each month—or \$60,000 a year—certainly more than we find acceptable. There are several specific provisions of the law that create the problems for Cheverly and other smaller municipalities the law was enacted to help. First, is the provision that speeders must be going more than 12 MPH over the posted speed limit. We believe this is too generous and would mean that someone would have to be going 37 MPH on Cheverly Avenue and most of our residential streets and 27 MPH in front of our schools—certainly reckless speeding. Also, there is a \$40 cap on each ticket. So it is the same fine whether the driver was going 40 MPH or 80 MPH on Cheverly Ave. We would not be able to use the cameras after 8PM when some of the worst speeding occurs on Cheverly Avenue for example, when our Police officers are patrolling our neighborhoods rather than doing speed control. Finally, unlike the contractual arrangement with red light cameras where a municipality receives a portion of each ticket, the speed camera law dictates that a municipality enter into a contract for the cameras with no guarantee of breaking even on revenue.

Mayor's FYI cont'd

So Council is still on track to enact the ordinance at the October Town Meeting that would enable the Town to have speed cameras, but we *may* not be implementing the program in October as we had hoped. We are continuing to research and discuss our options with the Town Attorney and may decide to work with other municipalities and our State Delegates and Senator to modify the current law to make it practical for towns like Cheverly.

INCREASING RENTAL LICENSE PENALTY

Also at the August Town meeting, Council introduced Ordinance 0-4-09 which would increase the penalty from \$50 to \$500 for renting a house or apartment without obtaining a Town rental license. Town Administrator David Warrington attended a seminar at the MML Convention where other municipalities showed that they had improved compliance considerably by similarly increasing the fines. In Cheverly, a home owner must apply for a rental license (\$100 per year fee) and be inspected for compliance. The Code Enforcement Officer inspects the property for compliance for safety issues like smoke and fire detectors, safe stairs and hand rails, safe egress etc. He also addresses code enforcement issues which sometimes can be a problem particularly with owners who do not live in Town or even in Maryland. These inspections can also assist the home owners in cases where renters have damaged their properties. The apartments in Cheverly are similarly inspected. Staff feels, and Council agrees that the current \$50 fine does not deter owners from circumventing the licensing process and the \$500 fine is very much in line with other towns. This will be adopted at the October Town meeting.

Next month, look for an explanation of expenditures voted on during the August Town Meeting.

At this time, Council expects that **Pepco** will be appearing at the Oct. town meeting to talk about their proposed maintenance plan for the Town. Watch for details and confirmation of their attendance.

Cheverly RECREATION COUNCIL

The first meeting for the year will be Tuesday, **September 22nd at 7:00 PM** in the conference room at the Community Center. It's an open meeting, we like to see new faces and get new ideas. Topics of discussion will be the Fall Flea Market and the summer playground.

Message from the Chief

Buddy Robshaw - policeshief@cheverly-md.gov

UNSOLVED HOMICIDE – On 07-04-09, at approximately 5:15 PM, Spencer Morris III was shot and killed in front of his residence in the 3300 block of Cheverly Avenue. As best as we know at this time, he was playing basketball with two other African American males at the Town Park, 6401 Forest Road, just prior to returning to his residence. It is imperative that the police talk to these two males or any other person that Spencer frequently played basketball with around the Town. If you have any information, please contact Detective Paul Dougherty at PGPD Homicide at (301) 772-4925 or the Cheverly Police Department at (301) 341-1055. CrimeSolvers is offering a \$25,000 reward for information that leads to an arrest in this case.

CRIME IS DOWN STILL, BUT – While crime in the Town continues to be down for the year, there has been a recent rise in breaking and enterings (B&E's). There were 11 such B&E's in August, the highest total by far this year, and the majority occurred between 10:00 AM and 3:00 PM Monday through Friday. The most frequently stolen items were laptop computers, game systems, cash, and firearms. Please be extra vigilant during the above hours and immediately contact the police (Dial 9-1-1) if you see any suspicious persons in or near your neighbor's yards. In addition, please schedule a free home security survey at your earliest convenience and record the serial numbers of all electronic equipment in your home. The CPD has instant access to the Pawn system in Maryland and Washington, D.C., but this is only useful if serial numbers were obtained from the owner(s) at the time the crime was reported.

TIP OF THE DAY – Although nighttime burglaries are rare, the panic button that usually accompanies your car keys also serves as an excellent emergency notification device in the event someone attempts to gain entry into your home while you are there. The horn sound activated by the panic alarm is not governed by the County's prohibition against audible burglar alarms or noise amplification devices. Please keep your keys on your nightstand when you retire for the night.

C-PACT MEETING – The next C-PACT Meeting is scheduled for Tuesday, September 15, 2009, at 7:00 PM at the police station. Final planning for the Public Safety Day will take place at this meeting. I encourage all interested persons to attend.

WOMENS SELF-DEFENSE CLASS – The CPD is considering another Women’s Self-Defense class for the Cheverly community. Previous classes have always been well attended and I am trying to see if there is enough interest to sponsor another such class. If you have such an interest, please give Janet a call at 301-341-1055 and express your desire to attend. If we get enough women, somewhere around 30 attendees, the Department will sponsor another class. Thank you in advance for your interest.

ELDERWATCH – The CPD regularly visits the Town’s elderly and infirmed in an effort to keep this important segment of the community up to date on crime issues and neighborhood events. These 10-15 minute visits are designed, not only for information sharing, but also to socialize. If any Cheverly resident knows of any elderly or infirmed persons living alone whom they believe would benefit from such contact, please notify Janet at the police station (301-341-1055).

SOLICITORS – In light of a number of recent incidents of soliciting without a permit, all residents are encouraged to call the police whenever a solicitor confronts them. Solicitors in Cheverly are required to display a permit issued by the Town (that must be displayed upon request of any Town resident) and they are required to leave private property immediately when told to do so by a homeowner or face trespassing charges. Please do not hesitate to call the CPD if a solicitor knocks on your door.

RECYCLING

A Volunteer Program or a Mandatory Program

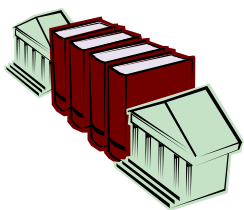

The Town's current recycling program is a volunteer participation program. A quantifiable option that not only helps reduce the industry's use of raw materials but one that can save by reducing the moneys paid by the Town to bury the household generated refuse.

It can be construed that once the program's benefits and goals are understood everyone in Town generating refuse would participate. This is especially true now that the recyclables do not need to be separated and can all be placed in one container.

Unfortunately, fewer residents are considering the benefits of recycling and are opting to dispose of recyclables with their regular trash. It is quite sad to see metal, glass, aluminum containers and paper inside the trash cans. These actions negatively impact the environment and the funds that the Town needs for public improvement. These public improvements to the Town's infrastructure benefit and touch everyone that lives and visits our Town.

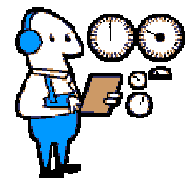

In order to curb cost, a mandatory recycling program was the subject of a light discussion by the Mayor and Town Council. The adoption of a Town ordinance that requires all residents to recycle will also include inspections and consequences for those that fail to recycle.

Ordinances have a place in the orderly running of a municipality. Perhaps the time has come for such an act. Maybe the stars have aligned themselves in such manner that this is the right time for the Town to take this step and order mandatory recycling.

However, what do you think? Is mandatory recycling such a draconian act that residents may not view recycling in a positive light? Does the Town need to move to mandatory recycling? Is it not sufficient to know of the common benefits of recycling and thereby embrace it in its volunteer form?

In the next few months your elected official and the department of Public Works will be monitoring, evaluating, talking to residents, and taking any other step necessary to determine what is the best possible answer for Cheverly. You are encouraged to seek information and become part of the discussion as a Cheverly satisfactory solution is formulated to the issue of volunteer vs. mandatory recycling.

You are welcome to email the Director of public works at publicworksdirector@cheverly-md.gov and/or cheverlypw our tweeter account. And while the discussion progresses consider that recycling reduces the use of raw materials and saves the Town's money in tipping fees.

TOTTER TRASH CANS NOT ACCEPTABLE

The Public Works Dept. is noticing more and more of these larger 64 gallon "totter" trash receptacles. Our trash trucks do not have the necessary "tipping" equipment to pick up these larger cans. You are asked to use up to 32 Gallon containers with tight fitting lids (see pictures below) Anything larger is NOT ACCEPTABLE, and may be subject to a fine.

Cheverly Community Market

Sept Markets: the 12th (at the Community Center) and the 26th (on Cheverly Ave!) Did the Aug heat zap your yard's produce? On the 12th Market bring your plants or cuttings and get free advice and tips for next season from Cheverly Master Gardeners. In the meantime, local farms: Reberts, Shlagel and Swann will wow you with their late summer bounty. Not to mention the specialties of C&E Farms, Clan Stewart Meats, Simple Pleasures Ice Cream and other favorites. Going even more local - Martha's heavenly Jams and the bread, pastries, and Moctec tortillas of Cheverly's Bread Basket will delight you; and we'll welcome back Liz Esposito's Cookies to Cocktails mouth watering treats. Look for Maryland Seafood and Wine too! As always CUMC's fair-trade goods makes our coffee and tea needs guilt free. And providing the perfect sound track will be Cheverly's own Hot Noodles. Join us for a particularly special Market on the 26th on Cheverly Ave near Legion Park featuring the Mayor and Town Council, who will be available to discuss issues and answer questions. The Town will close a portion of Cheverly Ave for this early fall celebration of fresh local food and the Cheverly Community's many civic offerings and clubs. More details will follow at www.cheverlycommunitymarket.com and on the town's website and cable station.

Cheverly Green Infrastructure Plan

Sept Workshop, Sat, Sept 12, 1:00 4:00 p.m. Cheverly Community Center. We have switched our usual first Monday meeting to a Saturday workshop format for this month in order focus on several sections of the plan, including the science and tree canopy/landscape portions. This will involve reviewing draft recommendations and text and making suggestions for presentation in the final green plan. For more information on the green plan initiatives and resources, please visit our website at <http://cheverlygreenplan.googlepages.com/home>. NOTE: Green Plan meetings are typically held the first Monday of each month. The next regular monthly meeting is scheduled for Monday, October 5, from 7:30 - 9:00 p.m. All are welcome.
